Perfectly Unexpected: Ellora's Cave Kaily Hart

Picture This Desperate and young, Jillian Moore did something she knew would one day come back to bite her in the ass. She'd posed nude. For money. Years later, and on the fast track to a successful career, she's still haunted by her mistake. She can't help but wonder when her past will catch up with her. Samuel Steele is not short on female attention, but the women who warm his bed pale in comparison to the fantasy he's created of the seductive temptress in the painting hanging prominently in his bedroom. A fantasy that has ruined his once-satisfying sex life. When he discovers that her exact likeness works in his building—works for him, in fact—things get interesting. Perhaps there's hope for his sex life after all... Pay Up Neighbor. Friend. Lover. At least that's what Carly Wagner wanted Rio Reyes to be. She'd settled for two out of three for almost a year and it just wasn't enough. Not anymore. When Rio proposes a bet—of the sexual variety—she knows it's out of character and he's not really serious, yet she can't resist. The payoff could mean finally getting her hands on the gorgeous firefighter she's drooled over since she moved in next door. The timing had never seemed right for him and Carly, but that hadn't stopped Rio from imagining wild and wicked things about her. It had been a joke—sort of—but Rio's shocked when she takes him up on the dumbass bet. Now he's in a world of hurt, because regardless of who wins, he might be crossing a line he never thought he would, and jeopardizing a friendship that means more to him than anything. Play Me Lily Hamilton had her quiet, predictable life all mapped out, including a hot-shot attorney for a fiancé. That is until she catches him screwing around and takes off in his prized Mercedes, for once not giving a damn where she's headed. How clichéd is that? Gabriel Jackson is raw and disillusioned. Driving a tow truck is a far cry from the dangerous career he turned his back on, but when he finds the classy blonde in a dangerous part of LA, he's immediately back in the role of protector. Lily is hot and sweet and so out of his league it's not funny, yet Gabe can't deny the sizzling heat between them. He thinks he wants hard, fast and rough—until he gets his hands on her. He knows he should stay the hell away, but Lily makes him feel, really feel, for the first time in two years. Is she just slumming or can she see beyond the harsh, broken façade to the man beneath? A man who dreams of making her his?
