Have you ever wondered what true and lasting love looks like? Do you want to know what makes real-life soulmate couples tick? We all want the kind of love we see in fairy tales, but we wonder if it is even possible. When Andrea Cyr first started consultations with her new homeopath in 2010, the topic of true and resonant love immediately rose to the surface. Andrea had been in a string of unhealthy and emotionally abusive relationships and had all but given up hope on finding lasting romance. As she made it clear that soulmate love was her number one priority, Andrea was encouraged to spend time in the company of couples who share such a love so she could see that, in spite of her past experiences, the condition exists and is attainable. Being in romantic love is an intrinsic part of our health and well-being. As a part of her own journey to complete health, Andrea interviewed 8 couples to show what makes ordinary folks' relationships zing with long-term love and passion. The result is "The Soulmate Suppers", a beautiful, solid map of love, romance, resonance, and grace. It's proof that soulmate love is alive and well and living here on planet Earth! In its pages, Andrea shares stories of struggle, joy, love and perseverance to help us all see what it takes to create and maintain that enduring enchantment. "The Soulmate Suppers" is a candid, humorous, and insightful take on love, allowing you to peer into the hidden dynamics of how common couples keep their uncommon magic alive.
