Write a Kindle Bestseller Faster and Better

Over the last several years, I have bought over one hundred books about self-publishing on Kindle and CreateSpace. I also scoured the Internet looking for all the information I could find about researching, outlining, writing, and publishing a book.

I remember thinking several times, "Wow, I wish someone could write a book that gives the whole process with "best practices."

This is That Book.

I'm not going to give you a lot of hype. You can read plenty of that in other places.

But, I will tell you some of the things you will learn in **Publish and Write Your eBook Fast**:

1. How to find the best category and topic you should write about
2. How to use both sides of your brain and create a book that readers love
3. How to outline and write your book faster and increase quality at the same time
4. How to research the keywords that connect you with buyers looking for your nonfiction book
5. How to decide on your book cover, find a good proofreader, and let thousands of people know about your eBook
6. What Kindle software works the best (if you want to spend a little extra to make the work easier)
