Introduction to Security Robert J. Fischer

Introduction to Security, Seventh Edition is a complete revision of the classic text. This edition presents the latest in security issues from security equipment and design theory to security management practice and has been reorganized to reflect the industry changes since the 9-11-01 World Trade Center attacks. It begins with a new chapter on the movement of Homeland Security in the United States and includes new coverage throughout the book of terrorism as it relates to: cargo and travel security, potential areas of attack and target hardening techniques, and the use of current technologies to combat new threats. Traditional physical and guard security is covered in addition to the advances in the electronic and computer security areas including biometric security, access control, CCTV surveillance advances, as well as the growing computer security issues of identity theft and computer fraud. The Seventh Edition provides the most comprehensive breakdown of security issues for the student while detailing the latest trends, legislation, and technology to interest experienced security professionals alike.

From reader reviews:

Ryan Brown:

Have you spare time for just a day? What do you do when you have a lot more or little spare time? Yep, you can choose the suitable activity with regard to spend your time. Any person spent their particular spare time to take a stroll, shopping, or went to often the Mall. How about open or read a book titled Introduction to Security? Maybe it is for being best activity for you. You know beside you can spend your time with your favorite's book, you can cleverer than before. Do you agree with their opinion or you have different opinion?

Lillian Carlucci:

Reading a publication tends to be new life style in this era globalization. With reading you can get a lot of information which will give you benefit in your life. Along with book everyone in this world could share their idea. Publications can also inspire a lot of people. Lots of author can inspire all their reader with their story or their experience. Not only the storyline that share in the books. But also they write about the knowledge about something that you need example. How to get the good score toefl, or how to teach your sons or daughters, there are many kinds of book which exist now. The authors these days always try to improve their expertise in writing, they also doing some research before they write with their book. One of them is this Introduction to Security.

Erma Ward:

Reading can called thoughts hangout, why? Because while you are reading a book mainly book entitled Introduction to Security your brain will drift away trough every dimension, wandering in each and every aspect that maybe unfamiliar for but surely might be your mind friends. Imaging every single word written in a publication then become one application form conclusion and explanation which maybe you never get prior to. The Introduction to Security giving you yet another experience more than blown away the mind but also giving you useful data for your better life within this era. So now let us teach you the relaxing pattern at this point is your body and mind will be pleased when you are finished reading it, like winning a. Do you want to try this extraordinary wasting spare time activity?

Carol Jackson:

As a university student exactly feel bored to be able to reading. If their teacher questioned them to go to the library or make summary for some e-book, they are complained. Just minor students that has reading's heart and soul or real their pastime. They just do what the teacher want, like asked to go to the library. They go to right now there but nothing reading significantly. Any students feel that reading through is not important, boring in addition to can't see colorful images on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this age, many ways to get whatever we really wish for. Likewise word says, ways to reach Chinese's country. So , this Introduction to Security can make you truly feel more interested to read.
