Just What I Needed: 100 Power Pop Classics Rob Anthony

Whilst compiling my previous book 'Hail Hail Rock 'n' roll: 100 obscure, neglected or forgotten songs of quality', I got to number 71 on the list, Redd Kross' 'Pretty Please Me', and I wrote:

'Classic power pop/rock, probably more rock than pop, for fans of Cheap Trick, the Wildhearts and the like. It rocks hard with great almost Beatle-esque harmonies. May just have inspired me to compile another book of 100 great power pop classics! Watch this space. Well not this space, a similar space with my name attached'.

Well it did inspire me to compile that book and this is it!
