Tania Head's astonishing account of her experience on September 11, 2001, was a tale of loss and recovery, of courage and sorrow, of horror and inspiration. It transformed her into one of the great victims and heroes of that tragic day. But there was something very wrong with Tania's story—a terrible secret that would break the hearts and challenge the faith of all those she claimed to champion.

Told with the unique insider perspective of Angelo J. Guglielmo, Jr., a filmmaker shooting a documentary on the efforts of the Survivors' Network, and previously one of Tania's closest friends, *The Woman Who Wasn't There* is the story of one of the most audacious and bewildering quests for acclaim in recent memory—one that poses fascinating questions about the essence of morality and the human need for connection at any cost.
