Actors often say they only really assume the identity of their character when they have donned the costumes painstakingly created for them by the costume designer. In this volume of the FilmCraft series of books, sixteen of the world's leading costume designers come together to share their inspiration and knowledge with the reader. They provide insights into the challenges of envisioning a character, working with budgets, and collaborating with production designers, actors and directors. Designers featured include Academy Award winners Aggie Guerard Rodgers, Janty Yates and Lindy Hemming.
