Mckenzie's New World Bennie Rose

An apocalyptic event by a biological attack causes life as we know it to cease to exist. The world, now in chaos, throws society into a time reminiscent of colonial America. The country, divided into domains, is controlled by different cultures from the old civilization.

Exploring the country, discovering new boundaries, and assessing the condition of what remains is only possible by frontiersmen, warriors, and soldiers. Isaiah McKenzie is a man who follows in the footsteps of a modern day Boone or Kenton. Men of this caliber are the only hope for civilization. Those that remain are forced to learn the old ways to survive in the New World.
