The Investing Revolutionaries: How the World's Greatest Investors Take on Wall Street and Win in Any Market James N. Whiddon, Nikki Knotts

Over the past five years, James Whiddon has interviewed some of the world's brightest, best, and most influential men and women in finance on his popular radio show, *The Investing Revolution*. While the topics under discussion have ranged widely, the show's mission has remained constant: Reveal the truth about how Wall Street has rigged the game so that it always wins?at everyone else's expense?and offer investors an alternative to Wall Street to help them participate directly in free market capitalism and achieve astonishing longterm gains.

In *The Investing Revolutionaries*, Whiddon distills all of that financial genius into a witty, wise elixir guaranteed to cure what ails your aching portfolio. Indispensable reading for professional and retail investors who want to free themselves from the tyranny of the Wall Street status quo, it delivers the insights of a host of luminaries, including John Bogle, Michael Mauboussin, Mohamed El-Erian, Richard Thaler, and Jeremy Siegel. Each financial powerhouse featured in the book weighs in on the slick marketing ploys, statistical sleights of hand, and psychological button-pushing the denizens of Lower Manhattan routinely employ to separate you from your money. They also offer priceless tips on such topics as

- The advantages of passive versus active portfolio management (how to achieve stellar gains through superdiversification)
- Global investing (is China really a good investment?)
- Avoiding common behavioral traps (running with the herd will get you gored)

Forget about stock picking and market timing. Say farewell to mutual fund gurus and the hyperbolic claims of the technical wizards. Investors of the world, you have nothing to lose but your chains. And now *The Investing Revolutionaries* provides you with the key.

James Cooper:

That e-book can make you to feel relax. This kind of book The Investing Revolutionaries: How the World's Greatest Investors Take on Wall Street and Win in Any Market was multi-colored and of course has pictures on the website. As we know that book The Investing Revolutionaries: How the World's Greatest Investors Take on Wall Street and Win in Any Market has many kinds or style. Start from kids until teens. For example Naruto or Detective Conan you can read and think that you are the character on there. Therefore not at all of book tend to be make you bored, any it makes you feel happy, fun and unwind. Try to choose the best book for yourself and try to like reading which.

Elda Baggett:

As a university student exactly feel bored in order to reading. If their teacher questioned them to go to the library as well as to make summary for some reserve, they are complained. Just minor students that has reading's spirit or real their interest. They just do what the instructor want, like asked to go to the library. They go to there but nothing reading critically. Any students feel that reading through is not important, boring and can't see colorful images on there. Yeah, it is to be complicated. Book is very important to suit

your needs. As we know that on this period, many ways to get whatever we wish. Likewise word says, many ways to reach Chinese's country. Therefore this The Investing Revolutionaries: How the World's Greatest Investors Take on Wall Street and Win in Any Market can make you really feel more interested to read.
