All Better Now

Emily Wing Smith

All Better Now Emily Wing Smith

I ask myself: how am I living still?

And how I ask it depends on the day.

All her life, Emily has felt different from other kids. Between therapist visits, sudden uncontrollable bursts of anger, and unexplained episodes of dizziness and loss of coordination, things have always felt not right. For years, her only escape was through the stories she'd craft about herself and the world around her. But it isn't until a near-fatal accident when she's twelve years old that Emily and her family discover the truth: a grapefruit sized benign brain tumor at the base of her skull.

In turns candid, angry, and beautiful, Emily Wing Smith's captivating memoir chronicles her struggles with both mental and physical disabilities during her childhood, the devastating accident that may have saved her life, and the means by which she coped with it all: writing.
