## **Eyes Lies Analyse** Clifton Coetzee

Eyes, Lies, Analyse is a must on the bookshelves of writers, editors, journalists, interviewers, employers, employees, parents and teachers. It is powerful knowledge to know when you are being lied to and by whom – and to understand the connection between external expressions and the internal nature of men and women. One of the most outstanding characteristics of Man is his ability to lie, meaning we need to constantly test the veracity of virtually all information related to political, employment, and business decisions. Truth of course is subjective: it is a matter of perception and is the ‘reality’ held in the mind of the individual. With some learned observation and analysis techniques, you can identify the everyday lies told to you by politicians, spin doctors, lawyers, financial houses, journalists, tradespeople, the custodians of our welfare, family and friends. Clifton Coetzee is a licensed fraud investigator, forensic Psychophysicologist, has trained and worked with USA and Israeli police and intelligence experts, and worked in the UK, USA, Spain, Lebanon and Australia. He practices and instructs Polygraph, Voice Stress Analysis, Statement Veracity Analysis and Forensic Interview Techniques.
