Amy's Intuitive Self Healing Journey:

How To Heal Yourself When No One Else Can was born from my own healing journey of over ten years. When nothing worked to heal me from a list of chronic illnesses and conditions including Lyme disease, chronic fatigue, autoimmune disease, and anxiety, I finally had an epiphany: If treating the body alone doesn't solve the problem, then the body alone isn't what created it. This realization helped me take a sharp turn in a new direction and finally address what was at the core of all my challenges: me.

That led me on a path to discover the foundation of healing. Everything comes down to this one simple rule I learned: *You must be who you really are*. You must learn to love, accept and be yourself, no matter what. You can't dim or contract your energy for others, because of fear, or anything else.

How To Heal Yourself When No One Else Can shares with readers *how* to heal using the same techniques and tools that healed me permanently and completely; the same ones that have now helped me help hundreds of others. This book addresses the 4 main areas of imbalance in the mind-body-spirit: Unprocessed experiences, harmful beliefs, unhealthy emotional patterns, and fear (often described as anxiety). By clearing blocks in these areas, we are able to release all that no longer serves us, and become who we really are, instigating the body's powerful self-healing ability.
