Supply Chain Management: A Global Perspective

Nada R. Sanders

Supply Chain Management: A Global Perspective Nada R. Sanders

Existing supply chain management books focus on logistics, operations management, and purchasing. Sanders provides supply chain managers with a completely unique approach, presenting SCM from a balanced, integrative, and business-oriented viewpoint. Rather than examining SCM as an offshoot of other business functions, this book discusses it as a boundary-spanning function that is intertwined with other organizational functions. It contains extensive pedagogy and solved problems to make difficult concepts easy to understand. A rich set of current examples are also included to make the material more relevant. Supply chain managers will finally have a resource that takes the business perspective.

From reader reviews:

Myra Flory:

What do you think about book? It is just for students since they're still students or the item for all people in the world, the actual best subject for that? Simply you can be answered for that concern above. Every person has distinct personality and hobby for every single other. Don't to be pushed someone or something that they don't need do that. You must know how great and important the book Supply Chain Management: A Global Perspective. All type of book could you see on many sources. You can look for the internet options or other social media.

Arnold Browning:

In this 21st centuries, people become competitive in most way. By being competitive right now, people have do something to make these people survives, being in the middle of often the crowded place and notice by means of surrounding. One thing that often many people have underestimated the idea for a while is reading. Sure, by reading a e-book your ability to survive raise then having chance to stay than other is high. For you who want to start reading some sort of book, we give you this particular Supply Chain Management: A Global Perspective book as starter and daily reading reserve. Why, because this book is greater than just a book.

Nancy Jackson:

The actual book Supply Chain Management: A Global Perspective will bring someone to the new experience of reading some sort of book. The author style to explain the idea is very unique. In case you try to find new book to read, this book very suited to you. The book Supply Chain Management: A Global Perspective is much recommended to you to see. You can also get the e-book through the official web site, so you can easier to read the book.

Grace Harrell:

Precisely why? Because this Supply Chain Management: A Global Perspective is an unordinary book that the inside of the reserve waiting for you to snap the idea but latter it will surprise you with the secret the item inside. Reading this book beside it was fantastic author who write the book in such remarkable way makes the content inside of easier to understand, entertaining technique but still convey the meaning entirely. So , it is good for you because of not hesitating having this any longer or you going to regret it. This excellent book will give you a lot of gains than the other book possess such as help improving your talent and your critical thinking way. So , still want to delay having that book? If I had been you I will go to the e-book store hurriedly.
