If you could put the human mind under a microscope, this is what you might find. "The Gray in Between" is a vivid collection of thoughts and questions that people have had since the beginning of time. Thoughts of life and love. Feelings of despair and discouragement. When you read this book, you get the "Hey, I've been there before" kind of feeling, and that feeling brings a smile. It takes the heart and soul on a roller coaster ride we are all familiar with. There are many ups and downs in life, but in the end the ride is always worth it. Life is not always black and white, but it's the gray in between that makes our ride worth it.
