Wealth and Happiness David Geller

There is a weak link between money and happiness. That's not the message you expect to hear from a successful financial planner. In *Wealth & Happiness: Using Your Wealth to Create a Better Life*, David Geller puts his quarter century in financial planning—and lessons from his own life—to work for those struggling with stressful jobs, life-altering events and the burden of managing their financial futures. Through the fictional character “Joe,” an over-worked, super-stressed and soon-to-be divorced executive, Geller delves deeply into the confounding relationship between wealth and happiness. He says there are 5 Barriers to Happiness that keep us from having the life we want. In *Wealth & Happiness: Using Your Wealth to Create a Better*, you will learn how to overcome those barriers—and maybe even change your life.
