William James

William James on Psychology and Religion (Illustrated) William James

The book has an active table of contents for readers to access each chapter of the following titles:

- 1) The Varieties of Religious Experience
- 2) Pragmatism
- 3) A Pluralistic Universe
- 4) Human Immortality
- 5) The Meaning of Truth
- 6) The Will to Believe

The book contains the important works about psychology and religion by William James, one of the greatest American psychologists.

Religious concerns become explicit in the collection. James believed in that a research in human nature such as Varieties can contribute to science of religion and that religious experience involves a domain inaccessible to science but accessible to the individual human subject.

The works in the collection were widely used by students of psychology to study psychology and religion.

William James influences on Psychology theory are as the follows:

1) Pragmatism

According to pragmatism, the truth of an idea can never be proven. James proposed we instead focus on what he called the "cash value," or usefulness, of an idea.

2) Functionalism

James opposed breaking down mental events to the smallest elements. Instead, James focused on the wholeness of an event, taking into the impact of the environment on behavior.

3) James-Lange Theory of Emotion

The James-Lange theory of emotion proposes that an event triggers a physiological reaction, which we then interpret. According to this theory, emotions are caused by our interpretations of these physiological reactions.

In addition to his influence on Psychology, William James' discussion of choice and rationality, as well as self-interest, made significant contributions to areas of concern in modern economic theory. Each of these themes is connected with aspects of relevant economic literature and is the contribution of James' pragmatism to economic theory.

This is a must read book for the readers who are interested in researching modern psychology and its influence on religion.

From reader reviews:

Gwen Anderson:

What do you think of book? It is just for students since they are still students or the item for all people in the world, the actual best subject for that? Just you can be answered for that query above. Every person has distinct personality and hobby per other. Don't to be pressured someone or something that they don't wish do that. You must know how great as well as important the book William James on Psychology and Religion (Illustrated). All type of book would you see on many methods. You can look for the internet resources or other social media.

Jerome Chisolm:

Nowadays reading books be than want or need but also become a life style. This reading behavior give you lot of advantages. Associate programs you got of course the knowledge the rest of the information inside the book that improve your knowledge and information. The info you get based on what kind of publication you read, if you want send more knowledge just go with schooling books but if you want truly feel happy read one having theme for entertaining for instance comic or novel. The actual William James on Psychology and Religion (Illustrated) is kind of guide which is giving the reader unstable experience.

Jo Villegas:

Playing with family within a park, coming to see the marine world or hanging out with close friends is thing that usually you will have done when you have spare time, after that why you don't try matter that really opposite from that. A single activity that make you not sensation tired but still relaxing, trilling like on roller coaster you already been ride on and with addition details. Even you love William James on Psychology and Religion (Illustrated), it is possible to enjoy both. It is fine combination right, you still would like to miss it? What kind of hang-out type is it? Oh can occur its mind hangout people. What? Still don't understand it, oh come on its referred to as reading friends.

Byron Hiebert:

Are you kind of occupied person, only have 10 or 15 minute in your morning to upgrading your mind talent or thinking skill perhaps analytical thinking? Then you are experiencing problem with the book than can satisfy your small amount of time to read it because this all time you only find reserve that need more time to be study. William James on Psychology and Religion (Illustrated) can be your answer given it can be read by an individual who have those short free time problems.
