There was an uneasy feeling in my chest as I stared down at the submissive questionnaire Damien Reed had given me. Learning about BDSM would put our relationship on a completely different level—a level I had wanted so badly since first setting eyes on Damien Reed. He was handsome, dominant, caring, and still a complete anomaly to me. More than anything, I wanted to unravel his mystery—and become a part of it.

This was the next phase of our relationship. The phase where I was more than just his student. The phase of commitment. But it came at a price. Many of my normal everyday freedoms would be stripped away. I would have to learn to obey his every command, to be at his beck and call. Not his girlfriend, but his submissive. In truth, I still wasn't sure that was what I wanted, but I would do anything it took to be close to him, and if this was the price . . .

His Indecent Training is a journey into the little-known world of BDSM. Both an educational and entertaining read, His Indecent Training exposes readers to the truths of a subculture of sexual exploration that is often shunned and misunderstood by modern society.
