The Art of Awareness: How Observation Can Transform Your Teaching Deb Curtis, Margie Carter

Observing children closely provides a new way of thinking about learning and teaching, a way of making children visible as they are, not just as we want them to be. Featuring nine Observation Study Sessions, this book offers ideas, activities, and experiences, as opposed to just a set of checklists and facts to learn.

Chapters cover observing seven different aspects of children's lives as well as tips for gathering and preparing documentation. A full-color insert provides examples of documentation.
