Sony's amazingly powerful video editor just seems to get better with each generation. Yet, because it's so loaded with so many powerful tools, it can also be rather intimidating. Steve Grisetti, founding member of videomaker support site Muvipix.com, shows you all the tools in the latest version of this richly-featured program and how to use them, step-by-step. You'll learn:

- How to get video from your tape-based, hard drive or even flash-based camcorder into your video project.
- How to build a timeline, and how to trim, split, arrange and composite the clips you add to it.
- How to apply and customize effects and transitions – and how to install even more video and audio effects into your program!
- How to create amazing effects and animations.
- How to work with, edit and output anaglyphic 3D video and titles.
- How to use the Chroma Keyer effect to make a person look like he or she is in any real or imaginary location.
- How to upload your video to YouTube, Pixelcast.com or to your Sony PSP™.
- How to prepare your video for output as a DVD and BluRay disc.
