Life was never the same again after The Fall, especially for those born with certain gifts that set them apart from others. Gifts that doomed those like Wren to a life of slavery with no hope of escape or turned a man like Jere into an unwilling master. When a fiery tragedy brings Jere into Wren's life it becomes clear that this new master is like nobody else Wren has ever known. How does a slave protect himself from someone unpredictable? Can love really exist between master and slave, or will it destroy them both? (M/M)
