Processes, Systems, and Information: An Introduction to MIS Plus 2014 MyMISLab with Pearson eText -- Access Card Package David M. Kroenke, Earl McKinney
ALERT: Before you purchase, check with your instructor or review your course syllabus to ensure that you **select the correct ISBN**. Several versions of Pearson's MyLab & Mastering products exist for each title, including customized versions for individual schools, and registrations are not transferable. In addition, **you may need a CourseID**, provided by your instructor, to register for and use Pearson's MyLab & Mastering products.

Packages
Access codes for Pearson's MyLab & Mastering products may not be included when purchasing or renting from companies other than Pearson; check with the seller before completing your purchase.

Used or rental books
If you rent or purchase a used book with an access code, the access code may have been redeemed previously and you may have to purchase a new access code.

Access codes
Access codes that are purchased from sellers other than Pearson carry a higher risk of being either the wrong ISBN or a previously redeemed code. Check with the seller prior to purchase.

--
A business process approach.

David M. Kroenke and Earl McKinney's new textbook *Processes, Systems, and Information: An Introduction to MIS* is the first introductory MIS textbook to emphasize business processes while also presenting the key topics usually associated with an intro course.
