"He swore to take a bullet for the President and left it all behind to take a bullet for the American people"

Why would a successful, twelve-year Secret Service agent resign his position in the prime of his career to run for political office against all the odds?

*New York Times* bestseller, *Life Inside the Bubble* is an intimate look at life inside the presidential "bubble," a haze of staffers, consultants, cronies, acolytes, bureaucrats and lobbyists that creates the "alternate reality" in which monumental policy decisions are made.

And it is the story of a dedicated Secret Service professional who, after years inside the "bubble," walked away in favor of sounding a clarion call to the American people in defense of sane government and the US Constitution.

Finally, why the Fast & Furious scandal, the bombings in Boston and the terrorist attacks in Benghazi are harbingers of what's to come without a bold change in direction.
