"I guess when they said 'All things happen for a reason' they were right. Because if I hadn't of gone to that stupid party I wouldn't have met you." Cadee Marie Perkins is your normal 17 year old girl. Loved by few and hated by many. The summer before senior year is ending soon and what better way to end it than to party? You get to meet everyone before the school year starts, especially the new kids no one really knows anything about besides that they're....new. Flynn and Carter Bickers are well.... Flynn and Carter Bickers. They're 18 years old and don't care about anyone but themselves. Partying is their motto and making people know that they don't like them is their job. But when little Cadee enters will something spark one of their interest? In the final year where everything can either make you or break you what do you choose?
