*Expert Rules* answers the most commonly asked questions about experts, such as: How do you approach an expert problem? What is the impact of *Daubert* on expert preparation, direct and cross? How do you structure direct examination of an expert? How do you avoid fatal blunders when you prepare an expert?

Even though *Daubert* is now almost twenty years old, most attorneys' familiarity with its application hasn't changed much -- when the experts they most often see are local doctors, most attorneys still need help when confronted with new fields manned by new or unusual experts. *Expert Rules* provides that help and more.

This concise, easy-to-follow guide provides practical and in-depth information on how to deal with an expert -- from finding the expert, to helping the expert prepare her report, deposing (and defending) the expert, conducting expert direct and cross-examination, and helping the expert prepare factual, informative, and persuasive testimony.
