Hooking up with his old boyhood chum was a last-gasp idea, but Vince Berardi needed money, and Feeno Bannon, the one-time-ne'er-do-well, had loads of it. As president of a bank full of Teamsters deposits, Bannon and his mobster buddies shelled out unpaid loans to Las Vegas casinos, fancy resorts and mob-owned restaurants. So helping Berardi secure a Teamsters loan to build some houses in the New Jersey Pine Barrens would have been easy, until Bannon was snuffed out by the mob as an FBI informant helping to finger the murderers of former Teamsters boss Jimmy Hoffa. Bannon runs from both the mob and FBI, hiding under their noses in Atlantic City casinos, and when their search gets hot, he goes underground in the Pine Barrens. *From the Dead* blends true crime - what happened to Hoffa? - with fictional characters based on true-life figures, set in New Jersey, Philadelphia and the Detroit area.
