Excerpt from The Story of the Tunes

To help the leader of such meetings to make the service effective for good seemed to the author a useful work. In prosecuting it he has had the friendship of some of the most popular and intelligent writers of church music and gospel hymns.

That the volume may prove helpful both in the Praise Service and the Christian home, is the author's earnest desire. He could not, include the history of all popular hymn-tunes, but only that of such as seem to best meet the present experience of the church and the wants of private devotion.
