Intellectual Property Management in Health and Agricultural Innovation: A Handbook of Best Practices. Volume 2 Multiple

Prepared by and for policy-makers, leaders of public sector research establishments, technology transfer professionals, licensing executives, and scientists, this Handbook offers up-to-date information and strategies for utilizing the power of both intellectual property and the public domain. Eschewing ideological debates and general proclamations, the authors always keep their eye on the practical side of IP management. The Handbook provides substantive discussions and analyses of the opportunities awaiting anyone in the field who wants to put intellectual property to work.
