Tolkien the Medievalist (Routledge Research in Medieval Religion and Culture)

Tolkien the Medievalist (Routledge Research in Medieval Religion and Culture)

Interdisciplinary in approach, *Tolkien the Medievalist* provides a fresh perspective on J. R. R. Tolkien's Medievalism. In fifteen essays, eminent scholars and new voices explore how Professor Tolkien responded to a modern age of crisis - historical, academic and personal - by adapting his scholarship on medieval literature to his own personal voice. The four sections reveal the author influenced by his profession, religious faith and important issues of the time; by his relationships with other medievalists; by the medieval sources that he read and taught, and by his own medieval mythologizing.
