Number 35 in the New World Library series - She knew about my crossdressing right from the start and she made it clear she wanted no part of it. Why then was she suddenly starting to encourage it? Why did she want me to get my ears pierced, Why did she want me to get my hair permed? Why was she suddenly becoming an advocate of feminisation with me as her practise model? What possible reason could there be for her wanting to see me in the most feminine of clothes and make up? The thousand and one questions all became clear when she started to introduce me to new people en femme, when she started me dating men and when she started dating other women. If only I had seen the agenda she had planned for both of us and for both of our futures As I drifted more and more into my submissive feminine lifestyle I remembered what she had said 'Darling, you know you can trust me'
