Philanthropy for veterans, military servicemembers, and their families is a comparatively new and fast-growing branch of American charitable giving. Alas, there is little good information available to help donors act wisely. This book fills that gap. It was created as a how-to manual for philanthropists who want to make a difference with individuals who have served their nation, particularly during the period since the 9/11 attacks. Packed with profiles of the most promising people and groups and strategies, plus essential data, this is a timely new tool for donors. It is the first product of the new veterans program of The Philanthropy Roundtable, which is now available to advise, free of charge, any donors looking to make a difference in this field.
