A novella follow-up to When It Rains.

The last few years have been my best and my worst. Now I'm learning to move on after my greatest heartbreak of all.

I'm in college with the guy I've loved since I was just a kid, but when two people have the history we do, there are always obstacles to overcome. They say love conquers all, and it's time to find out how true that really is.

There's life after the heartbreak and pain, but will it be what I've always dreamed of?
