Ethics in Qualitative Research

Ethics in Qualitative Research

This book examines the theoretical and practical aspects of ethical dilemmas in qualitative research.

To many researchers, 'ethics' has been associated with following ethical guidelines and gaining ethics approval from academic bodies. However, the complexities of researching private lives and placing accounts in the public arena increasingly raise ethical issues which are not easily solved by rules and guidelines. This book addresses the gap between research practice and ethical principles that inform it, focusing on responsibility and accountability in applied feminist research practice.

The book explores ethical issues in research from a range of angles, including:

- Access and informed consent
- Negotiating participation
- Rapport
- The intentions of feminist research
- Epistemology and data analysis
- Tensions between being a professional researcher and a 'caring' professional

The book includes practical guidelines to aid ethical decision-making rooted in feminist ethics of care.

Ethics in Qualitative Research is designed for academics, professionals and students carrying out research, and is a timely teaching text for ethics in research across the social sciences.

From reader reviews:

Margaret Wright:

What do you with regards to book? It is not important with you? Or just adding material when you want something to explain what the one you have problem? How about your time? Or are you busy man? If you don't have spare time to complete others business, it is give you a sense of feeling bored faster. And you have time? What did you do? All people has many questions above. They need to answer that question simply because just their can do which. It said that about guide. Book is familiar on every person. Yes, it is appropriate. Because start from on pre-school until university need that Ethics in Qualitative Research to read.

Shawn Hodgin:

This Ethics in Qualitative Research book is simply not ordinary book, you have after that it the world is in your hands. The benefit you receive by reading this book is definitely information inside this reserve incredible fresh, you will get facts which is getting deeper a person read a lot of information you will get. That Ethics in Qualitative Research without we understand teach the one who reading it become critical in thinking and analyzing. Don't end up being worry Ethics in Qualitative Research can bring when you are and not make your handbag space or bookshelves' come to be full because you can have it within your lovely laptop even mobile phone. This Ethics in Qualitative Research having great arrangement in word and layout, so you will not sense uninterested in reading.

Gerald Patton:

Your reading 6th sense will not betray you, why because this Ethics in Qualitative Research guide written by well-known writer who really knows well how to make book which might be understand by anyone who read the book. Written with good manner for you, leaking every ideas and publishing skill only for eliminate your current hunger then you still skepticism Ethics in Qualitative Research as good book not merely by the cover but also with the content. This is one book that can break don't judge book by its protect, so do you still needing yet another sixth sense to pick this specific! Oh come on your examining sixth sense already told you so why you have to listening to a different sixth sense.

Craig Palmer:

As a university student exactly feel bored for you to reading. If their teacher questioned them to go to the library or to make summary for some publication, they are complained. Just minor students that has reading's soul or real their hobby. They just do what the teacher want, like asked to the library. They go to presently there but nothing reading very seriously. Any students feel that studying is not important, boring as well as can't see colorful images on there. Yeah, it is being complicated. Book is very important in your case. As we know that on this time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. Therefore this Ethics in Qualitative Research can make you really feel more interested to read.
