Inferno - CSI Reilly Steel #2 Casey Hill

USA Today bestselling crime series - forensic fiction for fans of Patricia Cornwell, Lisa Gardner, Kathy Reichs, Karin Slaughter, or TV shows CSI and Criminal Minds

Read the clues. Decode the science. Reveal the murderer. That's Reilly Steel's mantra. Find the answers, solve the crime.

But the Quantico-trained forensic investigator is finding her skills aren't enough when a ferociously intelligent killer strikes Dublin. The modus operandi is as perplexing as it is macabre. What connects two seemingly disparate, high-profile victims?

Their corpses refuse to give up their secrets and the crime scenes prove a forensic investigator's worst nightmare. Reilly soon suspects that she may be dealing with a killer - or killers - who know all about crime scene investigation.

It's only when a third murder occurs - equally graphic and elaborate in its execution - that they discover that this particular killer is using a very specific blueprint for his crimes. Who is the killer's next victim, the real target? And what's his endgame?
