Ron Chernó

This book is another masterpiece of Ron Chernó, winner of National Book Award of the U. S., following *The House of Morgan: An American Banking Dynasty and the Rise of Modern Finance*. Based on rigorous and detailed historical data, it makes a fascinating narrative of the century-old legend of the Warburg family, covering: the two World Wars, the economic crisis during 1929-1933, financial wars between Wall Street and London, and history of the founding of Israel, hence a magnificent historical panorama.
