Why Lost Travelers Guides?

We were sick and tired of long, boring, and biased guides out in the market that not only waste our time but also waste money. We continuously had to ask someone for the simplest of things that could have easily been found if we could speak the language of the location, or that should have been in the guide! As we continuously face this problem we decided we wanted to make a guide that that would cover everything a traveler needs to know from the point of Arrival to Departure. And the Lost Travelers Guides were born. When having our guides created we take a lot into consideration such as time, therefore our guides are short and to the point. But mainly we ask ourselves and other travelers what we enjoy during a travel and what we wish we had known prior to visiting the location and that is where the Lost Travelers guides excels. As the Lost Travelers Guide team, we only have one goal and that is to make sure that our guides are the best out, and provides the most value available.
